

Edge Master Oval Shaped 26cm Diamond Sharpening Steel keeps your favourite kitchen knives razor sharp. Featuring an oval shape with diamond abrasives for quality sharpening and with a comfortable handle. Perfect for maintaining the sharp edge on your knives.

With hanging loop for storage.

- Heavy-duty sharpening rod made of diamond-infused steel with a plastic support tip
- Sharpens dull blades by holding the rod in a vertical position and swiping the cutting edge consistently at a 20-degree angle.
- Comes with a non-slip rubber handle for excellent grip during sharpening and hanging loop for storage.
- Suitable for keeping your straight-edge household knives in good condition.
